This four-year roadmap lists all of the curriculum requirements for the BS in Computer Engineering program, but note that students' actual semesters and overall timeline may look different, and in fact, it's extremely rare for students to follow this roadmap as it's laid out. Students' actual plans will differ based on a number of factors and this roadmap should only be used as a tool alongside other resources. Students should plan and tailor their overall degree plan based on their individual needs and conditions, such as completed/missing pre-requisites, scholarship requirements, academic/personal workload, Fall/Spring only classes, potential Summer courses, etc.

</tbody>
</table>

A minimum grade of C is required for all courses. A grade of C- is NOT considered passing. Credit/No Credit, CR/NC, is not an option for any required course.

% Fall/Spring only ECE courses are subject to change. For pending changes, see ece.unm.edu

* Denotes courses that qualify towards ECE departmental admission

**Cells filled with grey represent courses that satisfy the UNM General Education Curriculum**

Courses in yellow are upper division (300s, 400s) and are program restricted. In addition to meeting their pre-requisites, students must be admitted into the ECE Department as majors to enroll in them.

# If a Humanities course that also counts as Diversity is taken, students are not required to complete an additional Diversity but may instead choose any elective to fulfill those 3 hours

Revised January 2023
**General Education Curriculum (31 credit hours)**

<td>The U.S. &amp; Global Diversity &amp; Inclusion undergraduate requirement promotes a broad-scale understanding of the culture, history or current circumstance of diverse groups of people who have experienced historic and/or contemporary inequitable treatment in the U.S. or in a global context. Some Humanities courses are also eligible as Diversity courses and be counted towards both requirements.</td>
</tr>
</tbody>
</table>

**Computer Engineering Lower Division Requirements (24 Credit Hours)**

Lower Division courses are not program restricted. ECE pre-majors & non-ECE student may take these.

- ECE 101 Introduction to ECE (1)*
- ECE 131L Programming Fundamentals (4)*
- ECE 203 Circuit Analysis I (3)*
- ECE 206L Instrumentation (2)*
- ECE 213 Circuit Analysis II (3)*
- ECE 231L Intermediate Programming (4)*
- ECE 238L Computer Logic Design (4)*
- ENG 220 Engineering, Business & Society (3)

**ECE Departmental Admission Criteria (pre-major to admitted major)**

ENGL 1110 or higher, MATH 1512 &1522, and at least 18 credit hours of MATH and Science-based courses (technical courses) with a minimum 2.5 GPA in these courses. A 2.3 cumulative GPA is also required. Admission is automatic upon completion of criteria.

* Denotes courses that qualify towards ECE departmental admission

Students must be admitted as ECE degree seeking to take 300 and 400-level courses.

**Computer Engineering Upper Division Requirements (49 Credit Hours)**

- ECE 300 Advanced Engineering Mathematics (4)
- ECE 314L Signals & Systems (4)
- ECE 321L Electronics I (4)
- ECE 330 Software Design (3)
- ECE 331 Data Structures & Algorithms (3)
- ECE 335 Integrated Software Systems (3)
- ECE 338 Intermediate Logic Design (3)
- ECE 340 Probabilistic Methods (3)
- ECE 341 Intro to Communication Systems (3)
- ECE 344L Microprocessors (4)
- ECE 419 Senior Design I (3)
- ECE 420 Senior Design II (3)
- ECE 437 Operating Systems (3)
- ECE 440 Computer Networks (3)
- ECE 400-level elective (3)

**Math sequencing to reach MATH 1512 Calculus I**

The four-year plan assumes students will start off at MATH1512 but it is more often the case that students will begin at a different math level. Here are all of the relevant courses UNM offers that lead to 1512:

- FYEX 1010 Foundational Math → MATH 1215 Intermediate Algebra → MATH 1220 College Algebra → 1250 Trig & Precalc (or both 1230 Trigonometry and 1240 Pre-calculus) → MATH 1512 Calculus I
